Subject: Editor's decision on JCEC-D-26-00261

Dear Mr. Paul,

Thank you very much for the submission of your manuscript, JCEC-D-26-00261 "The Creative Economy as a Macro Risk Factor: A Panel Analysis of Arts Sector Concentration and State Economic Resilience, 2001–2023" to the Journal of Cultural Economics.

With regret, we have decided that your paper is not appropriate for publication in our Journal and consequently we will not be sending your paper out for review. The manuscript addresses a question that could interest this journal, but it is not ready for review in its present form. The difficulty is that the empirical design is not sufficiently motivated: the instruments are weakly defended, the use of GDP shares creates mechanical and compositional interpretive problems with total GDP growth, and the presentation overstates what the estimates support.

We would like to thank you very much for forwarding your manuscript to us for consideration and wish you every success in finding an alternative place of publication.

With kind regards,
Douglas S. Noonan
Editor in Chief
Journal of Cultural Economics

Message from Springer Nature, publisher of Journal of Cultural Economics:

While we are sorry we cannot publish your work in Journal of Cultural Economics, our colleagues at the Springer Nature Transfer Desk would be delighted to help you find the right journal for your submission. This is a free service that provides authors with a range of journal suggestions tailored for each article. Please watch out for an email from the Transfer Desk with more information within the next 48 hours.

This letter contains confidential information, is for your own use, and should not be forwarded to third parties.

Recipients of this email are registered users within the Editorial Manager database for this journal. We will keep your information on file to use in the process of submitting, evaluating and publishing a manuscript. For more information on how we use your personal details please see our privacy policy at <https://www.springernature.com/production-privacy-policy>. If you no longer wish to receive messages from this journal or you have questions regarding database management, please contact the Publication Office at the link below.

In compliance with data protection regulations, you may request that we remove your personal registration details at any time. (Use the following URL: <https://www.editorialmanager.com/jcec/login.asp?a=r>). Please contact the publication office if you have any questions.
